ELAINE JONES, 45, FROM WORTHING

'I can't live without my beauty essential, Elemis Pro-Radiance Illuminating Flash Balm (£32, timeto spa.co.uk). I use it as a primer, a light moisturiser or even instead of my usual foundation, to give my skin a fresh look.'

Bizarre but true

They might not be the speediest of creatures, but when it comes to shedding years from your face, snails are super-efficient beauticians.

Using the ultra-healing, collagen-loaded properties of their slime, Dr Organic Snail Gel, £19.99, Holland & Barrett, helps to smooth lines and increase cell turnover.

How I look younger

Kate Moss, 39, reveals her top skin pick-me-up. 'If I wake up in the morning and look tired and puffy, I fill a sink with ice and cucumber slices and submerge my face. It instantly tightens everything, making you look awake.'

EXPERT ADVICE

'Suffering with a breakout? Dab Sudocrem, £2.11, on to spots overnight. It dries out and soothes blemishes'
